# Workforce Innovation and Opportunity Act Title II: Adult Education and Family Literacy Act 2021–2022 Program Year Inquiry

The applications for the current California Workforce Innovation and Opportunity Act, Title II: Adult Education and Family Literacy Act (WIOA, Title II: AEFLA) grant cycle covered the three program years between July 1, 2020 to June 30, 2023. Responses to this inquiry will notify the Adult Education Office (AEO) of any current or expected changes that have occurred since the grant application was submitted; and allow us to finish preparing for the year two of the grant cycle.

# Section 1: Continuing Programs

The AEO expects that your agency will continue offering the same adult education programs in the second year of the grant cycle (2021–2022) that were offered in the first year. Adjustments to program offerings for year two will be made automatically by CDE if an amendment was issued to remove funding for an individual program focus area in year one.

## Section 2: Active SAM Registration

In accordance with the Federal Funding Accountability and Transparency Act (FFATA), sub-grantees are required to report compliance information to the California Department of Education (CDE) in order to receive funding. Recipients are required to register and actively maintain their Data Universal Numbering System (DUNS) in the System for Award Management (SAM) at http://www.sam.gov. Failure to comply with 2 CFR Part 25.205, may result in the CDE determining that the applicant is not qualified to receive an award or may result in delayed payments. This is a reminder to review your SAM registration and ensure it is currently active.

A FFATA form was required with your 2020–23 WIOA Application. This form provides compliance information to the CDE regarding this activity. Per 2 CFR Part 25.205, failure to comply may result in delayed payments. If any information provided on the form your agency submitted last year has changed, you are responsible for updating and submitting a new FFATA form using the upload tool below. Ensure applicable signatures are included before uploading. The AEO will review submitted files and follow up with any questions if needed.
